Products with altered, defaced or removed serial numbers:

An additional re-serialization fee will be charged for any eligible product returned for non-warranty service with defaced, altered or removed serial numbers. Any item returned without a serial number **MUST** be accompanied by a bill of sale / receipt proving legitimate ownership of the product. This bill of sale may be from an authorized or non-authorized dealer. Products returned for service without proof of ownership will not be accepted under any circumstance. Serviced, re-serialized products will carry a 1 year parts and labor warranty from the date of return shipment.

Under no circumstance will JL Audio honor warranties on products with altered, defaced or removed serial numbers!

Non-Warranty Service: Re-Serialization Fee (all products)

Please read the explanation box above. This charge will apply to any product requiring service and lacking a legible, legitimate serial number.
